

Counseling Services

The counseling office at Haskell High School will provide personal counseling services as needed, or as desired. If one would prefer to seek outside sources, I have a complete list of counseling agencies in our immediate area, as well as Abilene. In addition, I would be glad to help students make contacts to other agencies. The following areas are available as required and kept strictly confidential:

- Personal issues
- Pregnancy related services
- Drug and alcohol counseling referrals
- Bullying and/or harassment reports
- Other services
